**HomePlates** is proud to offer a unique line of decorative light switchplates that require **NO rewiring** and have **NO screws**.

Our patented switchplate is unlike any other currently on the market... as HomePlates have built-in "pins" on the back and simply press into place.

**HomePlates has a wide range of designs for every room in the home:**

An Affordable and Unique Gift for any occasion.

100's of designs from which to choose: Original and Licensed.

HomePlates add the perfect "finishing touch" to any room.

**PLUS, Custom Work is our specialty. Let HomePlates create a unique range exclusively for you:**

We can create any design of your choice upon request.

We can match bedding, fabrics, paint, or coordinate with any wallpaper.

There are **NO** set-up fees.

We create samples at **NO** charge.

We also create "Private Label" packaging.

We can mold plain switchplates in any color of your choice, including "Glow in the Dark."

Decora ("Rocker") Outlets, Doubles, and other size switchplates are available.

**Excellent Quality Manufacturing:**

HomePlates are injection molded and made of sturdy ABS plastic.

HomePlates are proudly Made in the USA.

Our special UV coated inks will not scratch off or fade.
